

## **SLIIT Lost and Found Items Policy (applicable for students)**

The Lost and Found Items Policy standardizes the process for found items, involving logging & categorization (valuables, non-valuables, perishables), storage timelines (7-30 days), and disposal/donation rules, aiming for owner return via descriptions and requiring ID for retrieval.

1. **Reporting:** Anyone finding an item must turn it in or hand it over to the designated office Campus Safety and Security Unit.
2. **Logging:** Items will be logged with descriptions, location, date, and assigned property tags.
3. **Categorization and retention:** Items will be sorted as:
  - **High Value/ID:** Electronics, mobile phones, key cards (kept longer 5- 30 days).
  - **Low Value:** Books, water bottles, non-perishables (shorter retention 5 – 7 days).
  - **Perishables/Hygiene Risks:** Security will not hold the following items: Clothing, notes, notebooks, coffee mugs, thermoses, water bottles, plates, bowls, eating utensils, food, or drinks. (will be disposed quickly 1- 5 days subject to the items condition).
  - **Special Items:** Student/Staff IDs returned to relevant offices; cash to be donated to charitable causes if remain unclaimed. Proof of donation to be maintained.
  - **Unclaimed items beyond the retention period** will be donated/recycled/destroyed.
4. **Claiming:** Owners must provide detailed descriptions or a unique identification aspect to confirm ownership; Item to be released against the student ID number and date collected. CSSU will publish selected days and times that owners can visit the CSSU with proof of ownership to claim the lost good(s).
5. **Special Items:** Student/Staff IDs returned to relevant offices; cash to be donated to charitable causes if remain unclaimed. Proof of donation to be maintained.

All students are strongly advised **NOT to leave their valuables such as laptops, mobiles phones, wallets, jewelry etc. unattended** while they are in common places.
