

SLIIT's Helping Hands Well-Being Centre

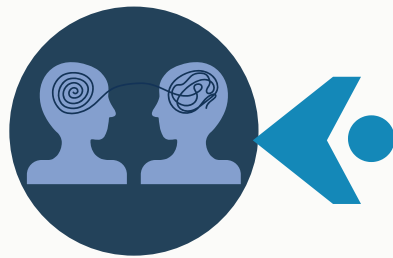

PSYCHOLOGISTS HELP WITH:

Common concerns:

- Managing stress and difficult emotions such as anger.
- Dealing with exam anxiety
- Strengthening relationships and social skills
- Treating mental health conditions such as depression and anxiety
- Adjusting to changes in life (e.g. grief and loss)
- Setting goals and managing time
- Dealing with crises and coping with trauma
- Addressing learning difficulties

Serious concerns/emergencies:

- Thoughts of harming oneself or another
- Being harmed or threatened by another

COUNSELLING SERVICES

The services provided to currently enrolled students include:

- Individual counselling
- Group/ couples counselling
- Crisis intervention and referral

HOW DOES IT WORK

First, an initial assessment is conducted to gather information about the student's history and current difficulties.

Next, therapeutic techniques are used to understand the problem and to plan and carry out the necessary intervention.

WHEN TO REACH OUT

If you or people around you notice a behaviour which is different from your usual self.

If a stressor, situation, person or your own mood affects your academic, work or social life.

A SAFE SPACE

We offer a safe space for students to discuss their challenges. All records are kept strictly confidential.

Exceptions are rare and include situations where there is a risk of harm to oneself or others, a risk of being harmed, or when records are legally required by authorities like the court.

SCHEDULE AN APPOINTMENT
